

Eukao

2025, Mana, <https://boardgamegeek.com/boardgame/444057/eukao>

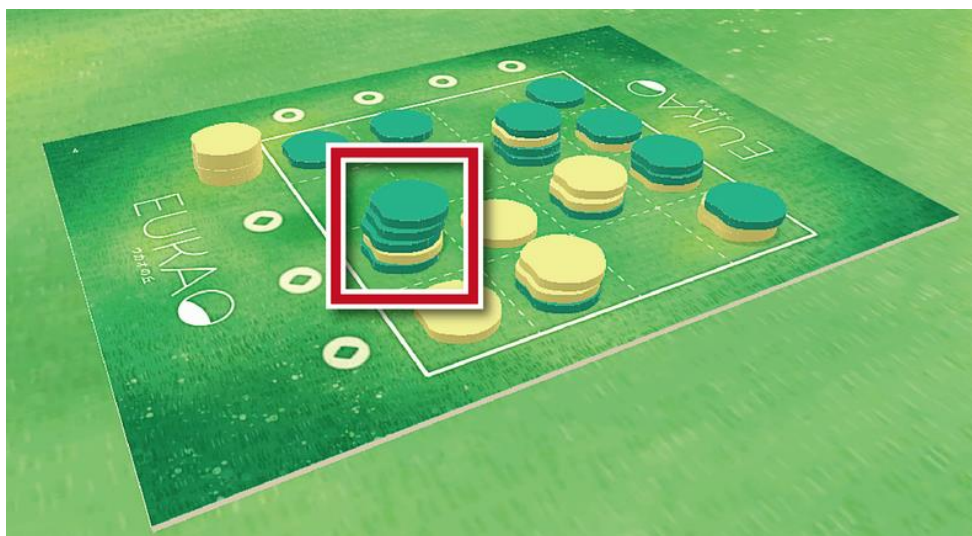

The game is played on a 5x5 board,

initial setup, each stack starts with four tokens

Each player has 16 stackable tokens. Stack ownership is determined by the color of the top token.

- On his turn, the player picks one stack and sows over a line, one piece per square. If the stack reaches the edge, it bounces back (only one sowed token stays at the square's edge).
 - Note that tokens once inside the 5x5 area cannot be sowed outside.
- A player wins if there is a stack with three consecutive tokens of his color.

Green wins the game
