# Kan-Kan

2025, Arturo Calderon, https://boardgamegeek.com/boardgame/457780/kan-kan

the game can be played on a 13x13 or 19x19 Go board

Definition: a group is a collection of orthogonally connected pieces of the same color

Rules

Players, on their turn, drop a friendly stone on an empty cell

A player wins by either:

- making a 2x2 square with four friendly pieces
- or, if the board is full, being the player with the largest group
