

Trail Mix

2014, Phil Leduc, <https://boardgamegeek.com/thread/1285770>

Trail Mix is a two-player abstract connection game in which each player is *restricted to a single diagonal direction* and has the goal of creating a trail that connects *either* pair of opposite sides of the board. The winning trail can be any connected mix of player tokens.

Green to win in 4 moves.

The final position
